

Below is a quick break down of what it actually cost per mile to run. You would be surprised at the percentage of potential drivers that have never sat down and taken a hard look at actual cost, they have only heard about all the money their buddies are making, maybe fact or fiction. Supplying potential drivers with this type of information and how it stacks up against your pay package will go a long way in making you a successful owner-operator.

A TRUCK RUNNING A 120,000 MILES PER YEAR

FUEL National Average \$3.10 Average MPG 6.0 Cost 0.52 Per Mile

INSURANCE

(Bobtail and Physical Damage National Average \$1,200.00 per year Cost 0.01 Per Mile
